BAD TRAIN WRECK.

Probability That Several Passengers Were Killed But Particulars Lacking.

Sidney, Neb., Jan. 9.—At about fifteen miles east of here, the Union Pacific had a bad wreck this morning at 4:45 o'clock. The train No. 3, fast passenger, which left Omaha yesterday evening, Engineer Charles E. Bell, engine No. 1891, and Engineer Reese, double headed, ran into the train No. 2, Engineer Del Boner. Boner had orders to meet No. 3, and the brakeman was just in the act of opening the switch when the double headed came thundering along at forty-five miles an hour and nearly a hour later. Both trains were on the main track. The engines were badly demolished, entire train No. 3 destroyed

IS M'COY AFRAID?

Some Uneasiness Develops Among His Backers Because of His Position.

CONSIDINE'S CHANGE

McCoy the Betting Favorite Although There Is Some Even Money.

New York, Jan. 9.—Some uneasiness has developed among patrons of boxing owing to the position assumed by Kid McCoy on the question of hitting the eye in clinches. McCoy says that under clause 13 of the articles which Sharkey and he signed for the fight tomorrow night neither can hit while the other has the head of him, and that the holding constitutes a clinch. McCoy's position is said to be at variance with an express understanding between the two men at the time the articles were signed and, while it is not in the letter of the articles, it is contrary to the spirit. The verbal agreement, it is represented, was that a man might hit so long as both hands were free. That McCoy should have made the issue almost the eye and the contest is regarded as an evidence of apprehension on his part that he may not be able to win with the examine at all points of the game.

If the articles are strictly carried out, all a man will have to do when in a tight place is to place his hand on the other's shoulder, and this would, according to the articles, constitute a clinch. Sharkey and O'Rourke, his manager, say they will insist upon adherence to the verbal agreement, but McCoy has declared that nothing but what is set forth in the written articles will be accepted. George Considine, manager of Jim Corbett, who was a McCoy admirer up to yesterday, has switched, and is now ready to bet on Sharkey.

While I have always been of the opinion that McCoy will beat Sharkey, Considine is quoted as saying, "I have changed my mind, and now think that Sharkey will defeat McCoy. I am ready to bet \$900 to \$1000 that Sharkey will win, and I expect to have no trouble in getting my money covered."

The admirers of Sharkey are betting money on the salary of McCoy, but they have even up hope of getting better odds than 100 to 90.

Proposition for City Plant.

It is stated that a responsible party is ready to make an offer to construct for the city a telephone plant with a minimum of 1000 telephones on the basis of \$54 for each phone. The mayor said this morning that he had been told in an indirect way that such was the case.

The mayor said that the matter of the cost of construction would be fully gone into, so that intelligent action could be taken on the bids submitted.

TO BE INTRODUCED

Resolution Will Go In—Forfeited Tax Law Still Under Consideration.

An ordinance will be introduced this evening providing for the submission to the people of the question of issuing \$100,000 additional water and light bonds for the extension of the water plant for the construction of a middle system, embracing the territory between Fifth and Tenth streets and Fifteenth avenue east and Tenth avenue west.

The committee to which was referred the matter of suggesting changes in the law relating to forfeited tax sales has determined to look into the matter further and no report will be made this evening. Instead a resolution will be introduced requesting the comptroller to furnish a statement of the assessments affected by the forfeited tax sales.

A member of the health board to succeed County Commissioner Kugler will probably be elected this evening. The candidates prominently mentioned are S. O. Sterrett and J. B. Scoville.

It is stated that Alderman Griffin contemplates stirring up things by again introducing an 8-hour resolution. A matter that is looked forward to with interest is the report of the waterworks committee on the Fischer's creek bridge investigation. The opinion of the committee on the report of the engineer who was engaged by the committee to pass on the plans for the bridge, the joints being one of the main points of attack. Mr. Hoff holds that the supports should have been bolted to both flanges of the chords instead of to one only. He holds that the downfall of the structure was mainly due to this feature of its construction. The wind pressure should have been figured higher, also, he said.

Against this the expert engineer and assistant city engineer urged that as a matter of fact the joints were all found intact after the bridge was dismantled. They contended each flange of the chords bore a part of the strain being distributed to the vertical flanges, the ones to which the supports were not bolted, through the fact that the vertical flanges bore their full share. In support of this contention on this and all of the other points in dispute, they adduced the opinion of high authority.

The committee has been as non-communative as oysters as to the nature of the report. The matter of arranging for street lighting in New Duluth will probably come up. Hermann Bros., Beckinger & Reinhold have proposed to erect street lamps in lieu of their franchise.

The bills of the Globe Lighting and Heating company for the naphtha lamps will possibly stir up the question of rescinding the contract. It is expected that at least deductions will be made for lamps that have not been kept lighted, according to contract.

The judges of the coming municipal election will be appointed.

A SLIM PROPOSITION.

Jury Calendar of This Term Rapidly Melting Away.

The jury calendar of civil cases in district court this term is the slimmest proposition the officers of the court have ever struck. The call of the calendar left fifteen jury cases for trial, and he said, "I am leaving nine cases yet to be heard before juries."

The cases taken up before Judge Moore was that of Jennie M. Wiley against A. Merritt, H. P. Smith, garage keeper, and in enforcing the judgment the plaintiff sought to recover damages in the hands of Hanson E. Smith as administrator of the estate of St. Louis.

The present suit is to reach these funds.

REFUSE TO PLEAD.

Quite the Thing to Do Now in District Court.

Three prisoners indicted by the grand jury now in session were arraigned before Judge Carl this morning to plead. All three of them refused to plead and permitted the court to enter pleas of not guilty for them. It is getting to be quite the thing in district court now, most of the prisoners indicted this term having followed H. John Polon and George F. Stacy, accused of grand larceny in the first degree, and William Smith, indicted for grand larceny in the second degree, were the prisoners arraigned. The latter gave his true name as Alexander Pfund, and the case was ordered to proceed against him under that name. In the case of Pfund and Stacy motions for continuing were entered to be heard later.

Miss Rouchleau's Birthday.

Saturday was the 10th birthday of Miss Lucille Rouchleau, and in honor of the event, she entertained twenty-four of her young friends at her home, 111 Seventh avenue east. The house was handsomely decorated with carnations and smilax. A dainty luncheon was served. Miss Rouchleau presiding, assisted by her mother, Mrs. Louis Rouchleau, Mrs. D. T. Adams, Mrs. J. L. Schenck and Miss Virginia Volk, of St. Paul. Mrs. Knobel entertained the young folks with singing. Each guest received a box of home-baked goods. Those present were: Miss Helen Knobel, Miss Lucille Adams, Miss Alice Stewart, Miss Marie Clark, Miss Hortense Bondy, Miss Bertina Heinreich, Miss Susan Slaughter, Miss Dorothy Crosby, Miss Nora McDougall, Miss Stella Bondy, Miss Dulcie Hibbing, Miss Josephine Satter, Miss Elsie Silfvergren, Miss Rosalind Bondy, Miss Marian Pitt, Miss Mollie Pitzer, Miss Mae Klein, Miss Edna Monahan, Miss Kitty Leeds, Miss Jessie Leeds, Miss Jessie Burrows, Miss Catherine Conklin, Miss Frances Money and William M. TO BUILD THE DOCK

American Steel Barge Company Decides to Construct the New Dry Dock.

HE HAS AUTHORITY

Capt. McDougall Was Empowered to Call For Bids at Once.

The second dry dock that the American Steel Barge company has been preparing for several years to be built before the opening of navigation next season. It will be the largest dry dock on the entire chain of lakes, and its cost will be in the neighborhood of \$200,000. It will employ a large number of men in its construction, and the work upon it will all be done at the head of the lakes.

Capt. Alexander McDougall returned this morning from the East, where he has been in attendance upon a meeting of the American Steel Barge company, at which it was decided to go ahead with the construction of the new dry dock. He carries with him authority to call for bids for the contracts, and he will do so at once. It is not yet decided whether the work will be let in one large contract, or whether it will be divided and separate bids called for for the various divisions of the work. Bids may be called for both ways, and what seems to be the most feasible will be adopted.

Plans and specifications for the new dock have been prepared for some time, so there is nothing now that the company has authorized it to prevent the work being started and hurried to completion. The new dock, as stated, will be the largest on the entire chain of lakes. It will be 600 feet long, 110 feet wide, and there will be 17 feet of water on the dock box. The gate will be 62 feet wide. This is 60 feet longer than the present dock, which was for some time the largest on the lakes.

The work will all be done at the head of the lakes, and a large number of men will be employed upon the construction of the dock. This new dock will give the head of the lakes ample dry dock facilities for nearly all emergencies. The past two or three seasons have witnessed a turning of a large amount of dry dock business to this end of the lakes, and the old dock has been overcrowded far beyond what it could properly accommodate. With the new dock, the old one being continued in use, there will be ample facility for all the business that may come. This port will then be provided better than any other portion of the great lakes with dry dock facilities.

With the new dock, the old one being continued in use, there will be ample facility for all the business that may come. This port will then be provided better than any other portion of the great lakes with dry dock facilities.

Plans and specifications for the new dock have been prepared for some time, so there is nothing now that the company has authorized it to prevent the work being started and hurried to completion. The new dock, as stated, will be the largest on the entire chain of lakes. It will be 600 feet long, 110 feet wide, and there will be 17 feet of water on the dock box. The gate will be 62 feet wide. This is 60 feet longer than the present dock, which was for some time the largest on the lakes.

The work will all be done at the head of the lakes, and a large number of men will be employed upon the construction of the dock. This new dock will give the head of the lakes ample dry dock facilities for nearly all emergencies. The past two or three seasons have witnessed a turning of a large amount of dry dock business to this end of the lakes, and the old dock has been overcrowded far beyond what it could properly accommodate. Crescent Bicycles

Are now ready for inspection at our store.

And in order that everybody may have one this year we are making the most stupendous offer ever made by any concern. HERE IS OUR PLAN: We will from now until Feb. 1

Sell you a Crescent Bicycle on payment of \$1.00 a week.

After you have paid \$15 you get your Bicycle and continue paying us \$1 per week until the Bicycle is paid for; thus giving thirty-five weeks to pay for a \$25 Crescent, which is the highest grade of chain bicycles that it is possible to make at any price.

This offer only holds good until February 1st.

After that our terms are \$15.00 down and \$10 per month, with no deviation.

Last year there were more than twice as many Crescents sold as any other wheel on the market; and this year we expect to more than double the record of last year. WE HAVE THE EXCLUSIVE SALE OF CRESCENTS FOR DULUTH AND WEST DULUTH, and shall about March 1 open a Bicycle store in Duluth proper. Until that time we invite the town people to call at our store in West Duluth and see the most up-to-date Bicycles on the Market.

The Crescent for '99

As in the past, is fitted with the celebrated Dunlop tires, in which a puncture can be repaired in less than five minutes; nothing required but cement and patch—you can do it on the road, no delay. It also has 10-tooth rear sprockets, and any size front

THE WORK OF CONGRESS.

Washington, Jan. 10.—At the beginning of today's session of the senate Mr. Chandler introduced a senate resolution for the distribution of appropriation bills, and indicated he would precipitate this fight soon.

The senate passed bills authorizing the construction of a bridge across the Missouri river at Chamberlain, S. D., and authorizing the secretary of agriculture to prepare a report showing the average production from year to year of farm products.

Mr. Mason, of Illinois, took the floor for his announced speech upon his resolution declaring that all just powers of the government are derived from the consent of the governed, and that the United States will make no attempt to govern any people against their will. Mr. Mason spoke from manuscript and continued himself closely to his notes.

IN THE HOUSE.—The house today, immediately after the reading of the journal, resumed the consideration of the bill for the codification of the criminal laws of Alaska.

TO THE FEVER POINT.

Excitement Over Dreyfus Has Again Reached That Stage.

Paris, Jan. 10.—The resignation of M. Georges de Beaurepaire, president of the civil session of the court of cassation, has revived interest in the Dreyfus case, which had calmed down during the past few days, to the fever point. The anti-Dreyfusites are doing everything possible to discredit the court of cassation, as it is generally accepted in the best informed circles that the court is preparing to render judgment in favor of Dreyfus.

The cabinet met this afternoon under the presidency of President Faure, who issued a decree accepting the resignation of M. de Beaurepaire and appointing M. de La Motte-Rouge to succeed him.

The minister of justice, M. Le Breton, announced that M. Mazau, the first president of the court of cassation, will preside over the criminal session of the court of cassation instead of M. Loew when the Dreyfus inquiry is terminated and the court meets to take a decision upon the verdict of the court of cassation.

The minister read the telegraphic decision from Dreyfus, in which he not only declared he had never confessed that he had charge of the prisoner, but also declared that he had never been degraded, but insisted that he had always protested his innocence, and had intended to declare publicly that his innocence would be recognized in two or three years.

A BITTER WRANGLE.

Pittsburg, Jan. 10.—The bitter wrangle over the appointment of the credentials committee, which occupied the entire session of the national convention of the United Mine Workers yesterday, was renewed immediately upon the opening of the convention today.

Charges of unfairness were freely made by the anti-administration factions, and these accusations were promptly denied by President Mitchell, acting President Mitchell and Secretary-Treasurer Pearce. Pleas for harmony then followed and, pending the adoption of the credentials report, the committee of investigation was elected to examine the books.

THE DEAL IS OFF.

Chicago, Jan. 10.—The Post today says: "The latest deal in the sale of the Alton road has fallen through. Under the terms arranged with the Vanderbilt-Rockefeller syndicate, the time allowed for the delivery of the majority of the stock has expired, but the would-be sellers failed to make delivery. The offer made by the syndicate for a majority of the stock was a tempting one. It was 175 for common and 200 for preferred."

TO RAISE THE TAX

Bill Introduced to Increase Taxes on Railroads and Express Companies.

GRAIN INSPECTION

House Passes Resolution For Investigation of Two Departments.

St. Paul, Jan. 10.—(Special to The Herald.)—The house of representatives today adopted a resolution for a joint committee to investigate the sale of binding twine made at the state prison, and also the state grain inspection department, charges against both having been made during the recent campaign. The resolution was adopted unanimously.

Among the new bills in the house was one to raise the tax on the gross earnings of railroads from 3 to 4 per cent and to increase the tax on express companies from 3 to 5 per cent on gross earnings.

As a free text book measure, a new bill came in providing that text books be printed at the state reformatory.

THE HOUSE ROUTINE.

A Flood of Bills For All Kinds of Purposes.

St. Paul, Jan. 10.—In the house Mr. Martin presented a resolution for the appointment of a committee of seven to investigate the primary election laws, with the idea of doing away with party conventions, the resolutions being referred to the elections committee.

Mr. Jacobson called up his resolution to investigate the campaign charges against the prison binding twine management and the grain inspection department, and moved its adoption. Mr. Mondahl then introduced a bill to amend the law relating to the sale of binding twine made at the state prison, and four senators, by a vote of 102 to 6.

A flood of bills then came in, among the number the following:

Dunn—Providing for publication of text books for use in the public schools at the state reformatory.

Mittler—For license and regulation of street railway employees. Referred to railroad committee.

Dyer—To amend express company tax law, making the tax 5 instead of 3 per cent on a present.

Jacobson—For taxation of railroads, fixing 4 per cent gross earnings tax.

West—Regulating manufacture and sale of binding twine made at the state prison for direct sale to farmers.

West—For a 5 per cent express company tax.

Schalm—To amend election law for direct primary nominations.

Abbott—For adoption of children by charitable organizations.

Dunn—School teachers pension funds for cities of over 10,000 population.

Abbott—For a new experiment station, consisting of one quarter section of land, appropriating \$15,000 for purchase of the farm and \$2000 per year for maintenance.

OF IMPORTANCE TO DULUTH.

Senator Daugherty Introduces a Bill Authorizing Refunding Bonds.

St. Paul, Jan. 10.—A big batch of new bills came into the senate, among them the following:

Somerville—To regulate the conduct of the state prison and reformatory.

Halvorsen—Providing for the election of railroad and warehouse commissioners.

Daugherty—To authorize cities of over 50,000 to issue refunding bonds.

Stockwell—To amend constitution providing for initiative and referendum.

Daily—Establishing 6 per cent as legal rate and making 6 per cent the limit that may be agreed upon without usury.

Snyder—To allow persons to teach in a school provided from their salaries.

McCall—To regulate grain inspection.

Mittler—To regulate grain inspection.

J. H. Smith—To punish stealing of rides on railroad trains.

Brower—Providing that Minnesota material must be used in constructing public buildings.

Snyder—Creating probation offices in cities of over 50,000.

Somerville—To prevent prison twine being sold at more than 2 cents per pound profit.

CANNOT AGREE.

House Committee Votes Down Two Nicaragua Canal Propositions.

Washington, Jan. 10.—The house committee on interstate and foreign commerce today failed to agree upon the basis of a Nicaragua bill and voted down two propositions, one for a special meeting this afternoon and one for a special meeting tomorrow. The whole question now goes over until the regular meeting on Friday.

BOTH PUGS ARE RESTING.

Advance Sale of Seats for Their Bout Brings \$42,000.

New York, Jan. 10.—Tom Sharkey and Kid McCoy are resting today preparatory to the promised battle tonight.

The disputed question as to what shall constitute a draw has not been settled, but there is a prospect that an understanding will be reached at the meeting of managers, referees and principals, which is to be held at 6 o'clock this evening.

Very rarely have so many patrons of the sport come to New York to witness a fight as the Havana canal bill.

Seven carloads of sports came from Buffalo, and about as many more from Syracuse, Parnassus and Danbury.

O'Malley held a large delegation from New Orleans; about 200 came from Detroit; Tom Allen, who fought many battles with bare knuckles, is here with twenty-five St. Louis followers of "the game" and George Siler and Lou Houseman can round up about fifty Chicagoans.

The advance sale of seats has brought \$42,000 to the Lenox club management, and a goodly bunch of \$5 bills will be handed in when the sale of the lowest-priced admission tickets begins at 6:30 o'clock this evening.

Sharkey will weigh in at 150 pounds, and McCoy is expected to tip the beam at something like 162 to 165 pounds. In the betting the odds are still on McCoy, who himself has passed out \$1000 to be placed on even money bets, or as much better as can be had.

FITZSIMMONS WILL FIGHT.

Says He Will Take on McCoy If He Wins.

Cleveland, Jan. 10.—Robert Fitzsimmons, the pugilist, in an interview today, said:

"If McCoy wins his fight with Sharkey tonight I will take on him. I will fight him for either the middle or heavyweight championship. I will scale down to 135 pounds to meet him. If he wants to fight in the middleweight class, I may tell him to go and fight Maher."

Yes, I'll fight Maher," said Fitzsimmons in reply to a question, "provided he whips Maher."

TOWLER TO RUSSIA.

President Sends the Name of Charlemagne Tower to the Senate.

Washington, Jan. 10.—The president today sent these nominations to the senate:

States—Charlemagne Tower, of Pennsylvania, now minister to Austria-Hungary, to be ambassador to Russia; Addison C. Harris, of Indiana, to be minister to Austria-Hungary.

Treasury—James G. Monahan, collector of internal revenue, Second district of Wisconsin.

War—To be brigadier general: Col. John H. Castleman, First Kentucky volunteer infantry; Col. Thomas H. Barber, First New York volunteer infantry; to be assistant adjutant general with the rank of major: Capt. Charles G. Trevel, assistant adjutant, United States volunteers.

Also a number of promotions and appointments in the volunteer infantry.

GEN. WOOD ARRIVES

He Does Not Care to Discuss the Santiago Trouble, However.

IN SPLENDID SHAPE

Everything Was In First Class Condition When He Left Santiago.

New York, Jan. 10.—The United States transport Mississippi, which sailed from Santiago on the evening of Jan. 4, arrived today. On board the transport were Gen. Leonard Wood, military governor of Santiago, and Lieut. Hanna, aide-de-camp; Dr. Castillo, a brother of the Cuban general, Castillo, and Col. Gibson, who superintended the distribution of provisions to the starving Cubans.

Gen. Wood, who was interviewed at quarantine regarding the protest of the people of Santiago over the disposal of the funds of that province, said he did not care to talk on that matter before he visited Washington. There was some dissatisfaction, but nothing to amount to anything. When he left Santiago everything was in splendid shape; schools were in good order, and there were no complaints of anything.

The general condition of things was the largest ever collected and exceeded the amount collected and turned over to the United States. Every dollar was available for meeting the expenses of the administration of the province, and the general condition of things was the largest ever collected and exceeded the amount collected and turned over to the United States.

Treasury—James G. Monahan, collector of internal revenue, Second district of Wisconsin.

War—To be brigadier general: Col. John H. Castleman, First Kentucky volunteer infantry; Col. Thomas H. Barber, First New York volunteer infantry; to be assistant adjutant general with the rank of major: Capt. Charles G. Trevel, assistant adjutant, United States volunteers.

Also a number of promotions and appointments in the volunteer infantry.

FROM THE CAPITAL.

American Lumbermen Are to Hold a Conference With Canadians Soon.

FROM THE HERALD.

Washington, Jan. 10.—(Special to The Herald.)—A number of representative American lumbermen from all sections of the country are here to meet representative Canadians engaged in the same business. There are several prominent lumbermen from Minnesota and the Canadians have not yet arrived, but are expected today. About twenty Minnesota and Wisconsin lumbermen are here, including representatives from Duluth, Superior, and other points.

Chippewa tribes of Indians under treaty duties, still they are willing to meet the courts willing to make some concessions on lumber for the purpose of reaching an agreement.

The postoffice department has refused an application to extend the route to Isle Mille Lac county, via Lawrence and Hillman, on the ground that business done at Isle will not warrant it.

The prospects are more favorable for the state of Minnesota on its claim made at the instance of Senator Davis for the Canadian Indians and the Chippewa reservations. Secretary Bliss Bliss is retiring from the head of the interior department. It is probable that an adverse decision, written more than a year ago by his legal adviser, James Vandewater, in which he held the state of Minnesota to be entitled to the land, will be upheld by the supreme court.

St. Paul, Jan. 10.—(Special to The Herald.)—Public Examiner Pope today announced the following appointments to his staff: Deputy public examiner, Henry C. Koerner, of Shakopee, vice C. L. West, of Hastings; J. O. Davis, of Minneapolis, assistant examiner; and W. H. Snow, of St. Paul, James Compton, of Fergus Falls, advanced from bookkeeper to assistant examiner. The new appointments are all practical accountants and business men.

WISCONSIN SENATORSHIP.

James H. Ager Making a Good Run For Sergeant-at-Arms.

St. Paul, Jan. 10.—A Madison special to the Dispatch says: Every effort and to secure votes is being put forward by the senatorial candidates. It now looks as though the real fight would be between Stephenson and Babcock, with Cook and Webb as very acceptable dark horses.

The caucus to select the senatorial candidates will be held this afternoon. Senator Thorpe is booked for president pro tem. Walter Houser, of Mendota, for chief clerk, and C. E. Furbush, of Oconomowoc, for sergeant-at-arms. James H. Ager, of West Superior, making a good run for sergeant-at-arms.

The assembly caucus will be held tonight.

LOOK OUT FOR TEA PARTIES.

Senator Mason Thus Advises Regarding the Philippines.

Washington, Jan. 10.—"It is easy to drift with the tide," began Mr. Mason in his address before the senate today, "but it is not always safe. The simple resolution I have introduced has nothing necessarily to do with any treaty, nor do I intend to speak of any proposed treaty. The resolution does not involve any law, but is a question as to the future policy of this republic. I am willing to trust the people, and I want the people to hear both sides of the case before the verdict is rendered."

"Distinguished editors and gentlemen of the Republican party favoring government of the Philippines without the consent of its people. Who dares speak in its conventions? That party springs like a young giant from the womb of congressional imperialism, and it is human liberty. It has never bowed to the storm of expediency, and if it may be allowed to prophesy, I predict that the delegates go into convention against the ratification of the treaty and against the demand that the same be dependent for the citizen of the Philippines as they did two years ago for Cuba."

"Do you say I am speaking for them? Yes, one word for them."

BOXELL CASE POSTPONED.

St. Paul, Jan. 10.—A Howard Lake, Minn., special to the Dispatch says: The examination of Joseph Boxell for the murder of his father and stepmother was postponed until Jan. 18, when the county attorney, C. A. Pidgeon, being sick in bed at Buffalo, Minn., Boxell will remain here in charge of Marshall Epple.

TO LIMIT DEBATE.

Washington, Jan. 10.—The senate has agreed that after 3 o'clock next Tuesday the debate on the Havana canal bill will be limited to 15 minutes on each amendment, the senate to be under the 5-minute rule. No time has been fixed for a final vote.

The prospects are more favorable for the state of Minnesota on its claim made at the instance of Senator Davis for the Canadian Indians and the Chippewa reservations. Secretary Bliss Bliss is retiring from the head of the interior department. It is probable that an adverse decision, written more than a year ago by his legal adviser, James Vandewater, in which he held the state of Minnesota to be entitled to the land, will be upheld by the supreme court.

St. Paul, Jan. 10.—(Special to The Herald.)—Public Examiner Pope today announced the following appointments to his staff: Deputy public examiner, Henry C. Koerner, of Shakopee, vice C. L. West, of Hastings; J. O. Davis, of Minneapolis, assistant examiner; and W. H. Snow, of St. Paul, James Compton, of Fergus Falls, advanced from bookkeeper to assistant examiner. The new appointments are all practical accountants and business men.

WISCONSIN SENATORSHIP.

James H. Ager Making a Good Run For Sergeant-at-Arms.

St. Paul, Jan. 10.—A Madison special to the Dispatch says: Every effort and to secure votes is being put forward by the senatorial candidates. It now looks as though the real fight would be between Stephenson and Babcock, with Cook and Webb as very acceptable dark horses.

The caucus to select the senatorial candidates will be held this afternoon. Senator Thorpe is booked for president pro tem. Walter Houser, of Mendota, for chief clerk, and C. E. Furbush, of Oconomowoc, for sergeant-at-arms. James H. Ager, of West Superior, making a good run for sergeant-at-arms.

The assembly caucus will be held tonight.

TRouble AT THE BETHEL.

Mike Bailey Objects to Being Prevented From Doing Laundry Work.

A man giving his name as Mike Bailey made trouble at the Bethel last evening because he was not allowed to wash his clothes. Bailey was a guest at the Bethel. After he had retired last night he made up his mind that his clothes needed washing, and he got up and asked the night clerk, Samuel Johnson, if he could be provided with facilities to wash them. Johnson would not allow any laundry work at that hour and Bailey again retired, but about midnight he reappeared and renewed his request. Again being refused, he placed his hand in his pistol pocket and made a motion as if drawing and pointing a revolver, and informed Mr. Johnson that he would try a hand at running the institution a while.

Johnson ran out and told Secretary Tobel, and the latter telephoned police headquarters, and an officer caused Bailey to change his plans to go into the lodging house business right away.

No revolver was found on Bailey when he was searched at police headquarters, and it is believed that he worked a "soft" on Johnson. The latter testified this morning that he did not see any weapon in Bailey's hand. The latter

was sent up on the hill for seven days for disorderly conduct.

It is believed that there is a disagreement of the internal arrangements of his upper story.

THE UNION REVIVALS.

Armory is Selected as the Place for the Meetings.

The committee having in hand the arrangements for the series of union meetings to be held next month announced that the Armory has been secured for the month of February, and that meetings will be held there each evening except on Monday, the 6th, beginning Wednesday, Feb. 1. The evangelist, E. Schiverson, of Jamaica, L. I., is a man of national reputation and one who has been eminently successful in many cities. He accomplished large results in his work at the national camps this summer, at Chattanooga and other points, working there with Moody and other leading men. George Williams, the singer, will be here on Saturday from Chicago and will begin early next week to train the large chorus choir which is to assist in the meetings.

Labor Bazar Committee.

The labor bazar committee met last evening and organized. The members are as follows: W. E. McEwen, president; Charles Loytze, secretary; E. R. Cobb, treasurer; J. Dunn, E. Kriz, J. Pierce, Walter Johnson, William Harvard, William Gariand.

As the Armory cannot be secured in February, it has been decided to hold the bazar beginning March 6. The necessity of changing the date is regretted by the committee, as it is feared that the bazar's display, which was one of the leading features last year, will have to be dispensed with on account of the weather.

Roberts is Acquitted.

Charles Roberts, who was arrested Saturday on the charge of assaulting John Rogers in Rogers' saloon, No. 80, West Superior street, was acquitted this morning. It appeared that Rogers had been making a disturbance in the place and that Roberts had unavailingly tried to get him out peacefully.

It Was Only a Shed.

The fire department was called out shortly after 1 o'clock last night by the burning of a shed adjoining a vacant building on First alley between Fourth

and Fifth avenues east, belonging to E. R. Williams. The shed was destroyed, but the building was not slightly damaged.

The fire was very bright for a few minutes and it looked from a distance as if there was a large conflagration.

Officers Installed.

The joint installation and dance given by Courts North Star and Eastern Star of the United Order of Foresters last evening in the Masonic Temple was one of the finest affairs of the season. The following are the officers installed: Court North Star—Henry Tullsen, Jr., C. R.; F. Wilson, V. C. R.; H. Milnes, archer; John Mitchell, C. P.; D. Lapham, chaplain; E. Barrum, financial secretary; Joseph Vandervacht, corresponding secretary; John Murphy, court deputy; Dr. A. E. Walker, physician; Albert Johnson, senior warden; I. Woodward, junior warden.

Court Eastern Star—J. A. Bliz, C. R.; H. B. McKenney, V. C. R.; P. Wolfner, P. C. R.; F. Fisher, secretary; J. Kelly, treasurer; John Zischer, chaplain; J. W. Harvard, C. A.; E. A. Allison, L. W.; W. Buckingham, O. W.; J. Murray, C. D.; Dr. Graham, physician.

The District Court.

In district court this morning Judge Miller was still engaged with the case of Jennie M. Wiley against A. R. Merritt et al, which was expected to go to the jury late this afternoon. The case of Kenneth McDonald against the Duluth, Superior & Western railway was stricken from the calendar, leaving only eight cases for trial.

Output of the Klondike.

No one will ever know exactly how much gold was taken from the Klondike fields the past season. Since the English government imposed a royalty, the miners have adopted all sorts of ruses to evade the law. It is rather difficult to dodge taxes, but it is more difficult to dodge a bad cold and the grip at this time of year. When the system is weakened by such attacks, and the blood becomes thin and impoverished, the best medicine to take is Hostetter's Stomach Bitters. This remedy builds up the system. Besides regulating digestion, it overcomes constipation. It is good for the kidneys and liver, too, stimulating these organs into the proper performance of their functions. Nothing is so good for malaria.

KNIGHTS TEMPLAR INSPECTION.

Officer of Grand Commandery to Inspect Duluth Commandery.

Duluth Commandery of Knights Templar will have its annual inspection this evening, and it will be attended by a number of out-of-town Masons. Grand Commander W. E. Richardson is the inspecting officer, but this being his own commandery he has asked Dr. J. W. Chamberlain, of St. Paul, grand senior warden, to make the inspection. Dr. Chamberlain arrived here today. Tonight a special car will arrive with F. I. Whitney, general passenger agent of the Great Northern road, W. H. St. Clair, purchasing agent of the Omaha road; Wilbur Tibbitts, of St. Paul, and other well-known Masons. After the ceremony this evening the party will return to St. Paul, accompanied by a number of Duluth Masons, who will go down to attend the grand lodge meeting.

GRAND JURY THROUGH.

Report Not Yet Filed But Will Be Very Soon.

The grand jury was in session all this morning without making any return to the court. The county attorney's business with the grand jury was completed this morning when two indictments were returned. At noon the jury adjourned until tomorrow morning, when it will make its final report and obtain a discharge.

This morning the grand jury returned two indictments, both against the same party. As the defendant is not in custody the indictments were withheld from publication. No bill was found against George Schlink, who was brought down from Mountain Iron charged with assault, and he was released from custody.

Yesterday afternoon three indictments were returned against Remi Prevost, two for grand larceny in the second degree and one for burglary in the third degree. This morning he was arraigned to plead on all three indictments, and he stood mute. A plea of not guilty was entered for him. One indictment charges him with stealing an overcoat from P. J. Murray, and the other two with breaking into the residence of S. A. Honicks at 683 West First street and stealing another overcoat.

The Weathers Case.

A jury was secured in the assault case against Lizzie Weathers yesterday afternoon, and the trial of the case was taken up. Officer Dan McLennan, the victim of the assault, for which the defendant is being tried, was placed upon the stand and remained there during the rest of the day and most of this morning. The case is likely to last well into tomorrow before it goes to the jury. Witnesses on both sides were excluded from the room until they are called.

THEIR PARDONS ARRIVE.

Four Pillager Indians Confined Here Get Their Releases.

The pardons for the four Pillager Indians who have been confined in the county jail here arrived yesterday afternoon, each being signed by William McKinley in person. They were served upon the lucky redskins yesterday afternoon, and last night the four of them left for their homes in charge of Deputy United States Marshal Ed Warren. The Indians are possessed of the following names: Shi-mah-gun-ah, Bah-dway-we-dung-gosh, May-mah-sh-kow-ah and Tang-shah-kow. One of these, Bah-dway-we-dung-gosh, is the son of old Bug-on-may-keshig, who caused all the trouble last fall.

THE BIDS ON CEMENT

Proposals for Furnishing Twelve Thousand Barrels to the Government.

Bids were opened at noon today at the office of Maj. C. B. Sears, United States government engineer for furnishing 12,000 barrels of cement to be used in building the concrete superstructure of the south canal pier at Duluth, and the concrete footing blocks of the north pier. The bids were as follows:

Northwestern Lime company, of St. Paul, Atlas brand, \$2.19 per barrel; Empire Portland Cement company, Chicago, Ill., Empire brand, \$2.50 per barrel; Garden City Sand company, Star brand, \$2.30 per barrel; Sinclair & Ballson, New York, Alsine brand, \$2.30 per barrel; Kelley Island Lime and Transport company, Cleveland, Ohio, Loblich brand, \$2.30 per barrel.

Maj. Sears will return tomorrow from a three weeks' vacation, and he will recommend the bid to be accepted. He will take into consideration the brand of cement offered and the price, so it is

impossible to tell just what bid he will select as the best.

VERDICT FOR DEFENDANT.

Case of Wiley vs. Merritt et al Goes Against the Plaintiff.

This morning the jury in the case of Jennie M. Wiley against A. R. Merritt et al returned a verdict for the defendant. The jury took the case yesterday afternoon at 2 o'clock, and a verdict was reached shortly after court had adjourned. It was sealed and returned to court this morning.

HE IS A FAMOUS BANDIT.

John Kennedy, the Man Arrested for Alleged Train Robbery.

Kansas City, Jan. 11.—A special to the Star from Mansfield, Mo., says: Bryum, the self-confessed train robber, today positively identified John Kennedy, arrested in Kansas City yesterday, as the organizer and leader of the gang who last Tuesday night held up and robbed a Kansas City, Fort Scott & Memphis passenger train at Macomb, Mo.

WISCONSIN LEGISLATURE.

Democrats Vote for the Republican Senate President.

St. Paul, Jan. 11.—A Madison, Wis., special to the Dispatch says: For the first time in the history of the state Democrats voted for Republicans in the organization of the senate today. There are only two Democrats in that body, Jackson, and both voted for the nominees of the Republican caucus.

FASTEST ON RECORD.

St. Paul, Jan. 11.—Train No. 9 on the Omaha this morning broke all regular passenger train records west of Chicago, according to the report of their train dispatcher. From East Chicago, Roberts the sixty-six miles were made in fifty-nine minutes actual running time. The entire distance from Elroy to St. Paul, 195 miles, was made in 195 minutes running time, practically a mile a minute.

OUR MEN DID WELL.

They Secured Nearly All the Committee Places They Went After.

DENIED MR. NELSON.

The Two Harbors Man Wanted Places on Two Important Committees.

St. Paul, Jan. 11.—(Special to The Herald.)—The St. Louis, Lake and Cook counties delegation fared splendidly at Speaker Dore's hands in the committee appointments. In fact the members were given nearly everything they asked, and they were not at all modest in their requests. As generally expected, Mr. Laybourn was made chairman of the committee on taxes and tax laws.

THE HOUSE BILLS.

F. H. Forbes Reading Clerk and J. S. Arison File Clerk.

St. Paul, Jan. 11.—(Special to The Herald.)—Speaker Dore announced his committee assignments this morning, also the appointment of F. H. Forbes as reading clerk and J. S. Arison as file clerk. Among the new bills were the following:

IN THE SENATE.

Committee to Investigate the Proposed Board of Control.

St. Paul, Jan. 11.—(Special to The Herald.)—The lieutenant governor announced the senate committee to investigate the proposed board of control today as follows: Foster, Green, Shell, Everett, McGill, Baldwin and Young.

MORRIS THOMAS OUT OF IT.

Governor Lind Says He Cannot Be Surveyor of Logs.

St. Paul, Jan. 11.—(Special to The Herald.)—Morris Thomas is in St. Paul today, but not on business connected with his candidacy for the position of surveyor general of logs and lumber for the Duluth district. In fact, Mr. Thomas can no longer be considered as having any connection with the position, which is a matter of public knowledge.

WISCONSIN SENATORSHIP.

Dabcock and Quarles Forces Are Both Confirmed.

St. Paul, Jan. 11.—A Madison, Wis., special to the Dispatch says: Now that both houses of the legislature have organized an estimate can be expected soon from the senatorial candidates. The Dabcock men claim the election of Nowell as chief clerk in the assembly is an indication of their strength. The Quarles men are confident and generally it is believed that he will lead on the first ballot.

LUMBERMEN DETAINED.

A Freight Wreck in Wisconsin Blocks Their Progress.

St. Paul, Jan. 11.—An Ashland, Wis., special to the Dispatch says: A Stanley, Wis., message says a loaded freight train was derailed at 5 o'clock this morning, two miles east of Stanley. A passenger train carrying a number of prominent lumbermen of Minneapolis, St. Paul, Eau Claire and other points, going to the Milwaukee convention, is held this side of the wreck. No one reported injured.

THE BOWLING CONGRESS.

New York, Jan. 11.—The American bowling congress has adopted a large

number of changes in the playing rules of bowling. In the dispute in the Chicago league, where the club failed to play a scheduled game because of removal to a new alley, the name was ordered rolled over. With the exception of the executive committee, last year's officers were re-elected. The next congress will assemble at Baltimore.

GRIP IN THE CAMPS.

Wisconsin Lumbermen Are Finding It a Great Trouble.

St. Paul, Jan. 11.—An Ashland, Wis., special to the Dispatch says: Loggers all through this region are worried over the prevalence of grip in logging camps. So general has this become that in scores of camps, large numbers of men are incapacitated from work. It has become so much so that the lumbermen are now furnishing the camps with sulphur while the men are at work, and taking the bed clothing every day. The men are stricken suddenly with it, and are unable to work for several days.

THE WORK OF CONGRESS.

Washington, Jan. 11.—Vice President Hobart presided over the senate today for the first time since the holiday recess, having heretofore been detained at his home by an attack of grip. A bill authorizing Lieut. Col. Viqum of the Nebraska to accept the decoration of the emperor of China the decoration of the Order of Double Dragon for distinguished services rendered, was passed.

IN THE HOUSE.

The house non-concurred in the senate amendments to the District of Columbia appropriation bill at a conference. Consideration of the bill for the codification of the criminal laws of Alaska was then resumed.

TERMS OF THE BILL.

The bill introduced by Senator Daugherty authorizing cities of more than 50,000 inhabitants to issue bonds to fund their floating indebtedness is the one that was prepared by Attorney S. T. Harrison and approved by City Attorney Richards and the mayor. It provides that the authority for an issue under its provisions shall be an ordinance passed by a majority of the whole council. The bonds are to run over thirty years and to bear not over 5 percent interest. The denomination to be fixed by the council. The bonds are to be sold at not less than par to the highest responsible bidder on three weeks' published notice. It is provided, however, that if a responsible party offers to take the bonds at par and not more than 4 1/2 percent interest, the council may at its option award the bonds to such bidder on such terms.

PROVISIONS OF MEASURE FOR FUNDING FLOATING DEBT OF THE CITY.

St. Paul, Jan. 11.—(Special to The Herald.)—The lieutenant governor announced the senate committee to investigate the proposed board of control today as follows: Foster, Green, Shell, Everett, McGill, Baldwin and Young. A number of bills were introduced, all of minor importance. Mr. Miller presented a resolution calling on the railroad commission for information as to the condition of the roads in the state. The resolution was referred to the committee on commerce. Mr. Laverne, of Wisconsin, introduced a bill to amend the act relating to the sale of land in the state. The bill was referred to the committee on land and water. Mr. Madison, of Wisconsin, introduced a bill to amend the act relating to the sale of land in the state. THEOLOGICAL CHAIRS.

New York, Jan. 11.—At a meeting of the board of directors of the Union Theological seminary, the Rev. Dr. Thomas C. Hall, formerly of Chicago, was nominated professor of Christian ethics, and the Rev. Dr. G. W. Knox, of New York, was nominated professor of systematic theology.

FAVORABLE REPORTS.

Washington, Jan. 11.—The senate committee on foreign relations today authorized favorable reports upon the nominations of Hon. Charles F. Adams, of New York, to be ambassador to Russia, and of Hon. A. C. Harris, of Minnesota, to be minister to Austria-Hungary.

STUCK IN THE ICE.

Chicago, Jan. 11.—The large passenger steamer Georgia, of the Goodrich Transportation company, was stuck in the ice for five hours about a mile and a half east of the Chicago river in Lake Michigan. The steamer left Milwaukee last night and should have reached this city at 4 a. m. today. Tugs were sent out to ram the great ice floe, and finally succeeded in releasing the vessel.

RAILROAD MAN MARRIED.

St. Louis, Jan. 11.—A telegram from Louisville, Ky., says that the Denver & North Pacific railroad was married at noon today to Miss Nannie Smith, of this city.

MONTANA SENATORSHIP.

Helena, Mont., Jan. 11.—The legislature met in joint session at noon today. Following is the result of the ballot for United States senator:

Pool: Clark, 10; Marshall (Rep.), 15; Hartman, 4; Fox, 2; Frank, 1; Mantle, 1.

OUTLINES A POLICY

Senator Bacon Introduces Resolutions Embracing Anti-Imperialist Views.

MR. FORAKER TALKS

He Contends the Country Has a Right to Acquire Territory.

Washington, Jan. 11.—Mr. Bacon, of Georgia, offered the following joint resolution in the senate today:

1. That the government and the people of the United States have not waged the recent war with Spain for conquest or for the acquisition of foreign territory, but solely for the purpose set forth in the resolution of congress making the declaration of war: the acquisition of such small tracts of land or harbors as may be necessary for governmental purposes being not deemed inconsistent with the same.

That in demanding and in receiving the possession of the Philippine islands it is not the purpose of the United States to secure and maintain dominion over the islands, but to incorporate the inhabitants thereof as citizens of the United States and to treat them as equals with the people of this country.

That, whereas, at the time of the declaration of war by the United States against Spain and prior thereto the inhabitants of the Philippine islands were actively engaged in a war with Spain to achieve their independence, and whereas said purpose and the military operations thereunder have not been abandoned but are still being actively prosecuted, therefore, the people of the United States do hereby declare that the acquisition of the Philippine islands is not a conquest, but a war of independence, and that the people of the United States are entitled to the same rights and privileges as the people of any other free and independent nation.

That, whereas, the acquisition of the Philippine islands is not a conquest, but a war of independence, and that the people of the United States are entitled to the same rights and privileges as the people of any other free and independent nation, therefore, the people of the United States do hereby declare that the acquisition of the Philippine islands is not a conquest, but a war of independence, and that the people of the United States are entitled to the same rights and privileges as the people of any other free and independent nation.

That, whereas, the acquisition of the Philippine islands is not a conquest, but a war of independence, and that the people of the United States are entitled to the same rights and privileges as the people of any other free and independent nation, therefore, the people of the United States do hereby declare that the acquisition of the Philippine islands is not a conquest, but a war of independence, and that the people of the United States are entitled to the same rights and privileges as the people of any other free and independent nation.

That, whereas, the acquisition of the Philippine islands is not a conquest, but a war of independence, and that the people of the United States are entitled to the same rights and privileges as the people of any other free and independent nation, therefore, the people of the United States do hereby declare that the acquisition of the Philippine islands is not a conquest, but a war of independence, and that the people of the United States are entitled to the same rights and privileges as the people of any other free and independent nation.

asked, have the supporters of the resolution to stand upon Mr. Vest had contended in his speech that history was against the assumption of power of this country to establish colonial governments, and that the character of our war for independence demonstrated that the men of that day would not have countenanced such a proceeding. On the contrary, Mr. Foraker held that there were no complaints in revolutionary times of a colonial policy. There were many complaints on other scores, but none on this, so that it must be assumed that they had no such objection as the Missouri senator had contended. On the contrary, there were indications that they had in mind the possibility of the acquisition of territory, and Mr. Foraker quoted from Mr. Governor Morris' letter to Mr. Livingston in which he said that the United States were destined to control the whole of the territory of North America.

Previous to Mr. Foraker's speech, Mr. Allen introduced a resolution declaring that aggressive action against the Philippines would be unwarranted and, in a speech, said the did not think it was being waged without the consent of congress.

Mr. Hoar asked Mr. Gray, one of the peace commissioners, where the power came from to use force against the Philippines. Mr. Gray said technically we were still at war with Spain, but under a truce, and if making war upon the Philippines was violating the protocol it would be a matter between the United States and Spain.

Mr. Hoar contended it was bad faith. Mr. Allen said Spain had no jurisdiction. Mr. Gray maintained that the United States was bound to maintain the protocol until the peace treaty was ratified.

FROM THE CAPITAL.

Indian Rights Association Takes a Hand in Chip-pewa Timber Matter.

WASHINGTON BUREAU.

Washington, Jan. 11.—(Special to The Herald.)—The Indian Rights association has taken a hand in the Chippewa timber matter. Through one of its officers there was filed with the senate Indian committee a manifesto calling attention to the evils that have arisen under the present system of disposing of pine lands. It is said to be almost an exact copy of Gus Sauls' manifesto published in Minnesota before he left for Washington. The Indian Rights association is said to be aiming to have the appropriation for estimating Chippewa timber stricken from the bill, in order that there may be opportunity afforded for new legislation on the subject.

Land Commissioner Hermann said with reference to this move that he was not informed of it, and therefore he did not wish to say anything on it. It is reported that the Indians now claim about \$250,000 due them on a former sale of pine stumpage under the Douglas estate, about which there was considerable scandal. Indians claim the difference between the government estimate and the estimate made by Special Agent Wright, in which it was shown that marked discrepancies existed. Ex-Comptroller Baldwin, who was also Chippewa commissioner, is backing up the Indians in their claim, and former Congressman Charles A. Towne will, it is stated, present a brief in their behalf.

Secretary Bliss has affirmed the land office decision in the case of Jake Ostthurs against Louis DeMule and Charles E. Townsend, against the Duluth district. Ostthurs' application to contest the Indian allotments is denied.

It is probable that Chippewa Commissioner Hall will be ordered to Washington to be present at the conference between the Indians and the authorities. The Indians themselves are anxious there should be here, and the Indian commissioner will probably direct him to come here.

A petition was recently filed at the postoffice department to change the date of supply of the postoffice at Red Lake from Bemidji to an office farther east. A saving of thirty miles in distance would have been effected, but the department refused to make the change for the reason that there are five offices on the present route where there are none on the proposed route.

THE PEACE TREATY.

Senator Davis Is Authorized to Report It Without Amendments.

Washington, Jan. 11.—The senate committee on foreign relations today authorized Senator Davis to report the peace treaty favorably without amendment.

The committee was in session for only one hour, and the great part of this time was consumed in waiting for a quorum, the senators meantime discussing informally the provisions of the treaty. The committee was composed of Senators Cullom and Clark, who were among the absentees, sent their proxies. Senators Morgan and Gray were the only Democrats in attendance, but the other Democratic members of the committee, Senators Daniel, Mills and Turpie, had full notice of the purpose of the meeting and they indicated no opposition to immediate action. There was no suggestion of any amendment in committee. Senator Davis was instructed to press the treaty upon the attention of the senate, with a view to securing early action as possible. The committee also authorized Senator Davis to report favorably upon the proposition to remove the injunction of secrecy.

A CONFERENCE HELD.

Aguinaldo Now Considered of Sufficient Importance to Consult.

London, Jan. 11.—The Manila correspondent of the Morning Post says: "There was an important conference last evening, between only authorized American and Philippine commissioners at the instance of Aguinaldo. The latter appointed Gen. Francisco MacArthur and Sen. Foraker, Maj. Gen. Otis appointed Gen. Hughes, Col. Smith of the California regiment, and Judge Advocate Crowder. Gen. Otis was named as the American representative, and the Philippine representative was a full and free discussion."

SERVICE UNINTERRUPTED.

New York, Jan. 11.—The American liner New York, formerly the cruiser Harvard, started today on her first voyage since the Spanish war as a merchantman, to England, and the transatlantic service of the line was thus saved from interruption.

TO ATTACK MANILLA

General Rios Says That Is the Purpose of the Insurgents.

PROPOSE TO FIGHT

He Alleges They Will Begin Before Americans Receive Reinforcements.

Madrid, Jan. 11.—Gen. Rios, the Spanish commander, cables from Manila reiterating the assertion that the situation of affairs in the Philippine islands is most grave. The rebels, it appears, are concentrating in the neighborhood of Manila with the intention of attacking that place. Great preparations are being made for the defense of the city.

The Spanish general also asserts that the Visayas have again refused to permit the Americans to land, threatening to resist by force if an attempt is made to do so. The Americans, therefore, according to Gen. Rios, have abandoned the idea of disembarking, and he confirms a previous statement to the effect that they are unwilling to bombard Iloilo, "because the European houses are stocked with petroleum with the view of being set alight by the American shells."

Gen. Rios also alleges that the rebels are determined to fight the Americans before reinforcements arrive from the United States. In conclusion, Gen. Rios says Aguinaldo's proclamation has "produced immense enthusiasm among the rebels."

GROUND FOR ENCOURAGEMENT.

The Condition of Mr. Dingley Remains Practically Unchanged.

Washington, Jan. 11.—The condition of Representative Dingley this morning was regarded as practically unchanged. He is still extremely weak, but the fact that he has been able to hold his own in the past two or three days without any appreciable change for the worse, and that he has succeeded in gaining considerable natural sleep, despite the aggravated nervous symptoms, gives ground for encouragement to his family and physicians. Last night he secured considerable rest and felt a little better for that reason this morning.

Both Hon. John W. Foster and Hon. Wayne MacVeagh are better today. The former is now able to sit up at times.

COAL MINERS' STRIKE PROBABLE.

The Operators Have Many Complaints
Against the Present Scale.

Pittsburg, Jan. 12.—A rupture at the joint convention next week between the operators and mine workers over interstate agreements is regarded as probable. It developed today that many operators have opposed the present agreement and that they intend to propose a "nine day" clause and will insist upon a "nine day" clause instead of eight hours, the rule at present, and will demand a reduction of wages. The miners have not yet considered the new agreement, but it is the general sentiment among them that any attempt to increase the hours of labor, wages or to strike out important clauses, will be vigorously fought in the convention.

RECORDS MUTILATED.
Pittsburg, Jan. 12.—Prior to the resumption of the Mine Workers' session a sensation was sprung by the dis-

covery that during the absence of the investigating committee at breakfast unknown persons had entered the committee room, in the St. Charles hotel, and mutilated the records. Eighteen pages were torn from the ledger and carried away, while many other pages were blotted and blurred. The miners' officials believe that the object was to destroy the records from Illinois. This state has been gone over by the investigating committee and no objections were found to seating any of the delegates represented by the committee on credentials.

REFOURMERS CENSURED.
Pekin, Jan. 12.—The views of Kang-kin, Liou Kuan Yi, has memorialized the house, recommending the proper training of military officials and the discarding of ancient weapons and drill in favor of modern methods. As a result an edict has been issued severely criticizing the memorial and censuring the presumption of the viceroy.

BILL FOR REFUNDING

Alderman Richardson in St. Paul to See About Its Chances.

RELIEF OF VILLAGES

Senator Baldwin's Bill to Help Out Proctorknott and Biwabik.

St. Paul, Jan. 12.—(Special to The Herald.)—Alderman Ira J. Richardson is in St. Paul today to ascertain whether the bill introduced in the senate by Senator Daugherty, authorizing cities of the first class to refund their floating indebtedness by issuing bonds, which aims to give relief to Duluth, is likely to become a law. Mr. Richardson said that unless this bill is passed the city council will probably deem it necessary to soon issue a call for a special election to vote on a proposition to issue bonds for \$150,000 or \$200,000 with which to extend the water system. If the city's floating indebtedness can be refunded at a low rate of interest this bill will not be necessary. As St. Paul and Minneapolis are the only cities in the state which can possibly be affected by this bill, aside from Duluth, there will be no opposition to it from other parts of the state, and the senators and representatives from the Twin Cities can see no objection to it.

Senator Daugherty said this afternoon that the bill would be amended in committee to eliminate the clause which provides for the private sale of the refunding bonds, so that they must be disposed of to the highest bidder. After it is reported it will be printed, and no effort will be made to pass it until it has been submitted to the people of Duluth. If there are any improvements that can be made in it for the better protection of the city they will be incorporated in it.

IN THE SENATE.

Senator Baldwin Introduces a Bill

Giving Villages Certain Privileges.

St. Paul, Jan. 12.—(Special to The Herald.)—Senator Baldwin introduced a bill in the senate this morning designed to relieve the villages of Proctorknott and Biwabik from financial embarrassment. It authorized villages having a floating indebtedness of \$2000 or more to issue refunding bonds. The bill was originally drafted to cover the case of Proctorknott, which is embarrassed with an issue of \$2000, but it was amended at great discounts by taxpayers, who turned them into the county treasurer in payment of taxes and in exchange for the bonds. The village returns them, so no money finds its way to the village treasury. The bill authorizes orders for double the usual amounts must be issued to protect them from the discount of the brokers, the result of which system is that the village is daily becoming more deeply involved. The bill is designed to relieve the financial embarrassment of the village.

The senate is getting down to routine and some time on snail-shattering today. The Torrens land system was discussed, but nothing was done in regard to it. The rule was suspended for the passage of the first of the local bills, being one to change terms of court in Scott, Sibley and LeSueur counties.

A resolution calling on the attorney general to investigate the Torrens land title system as in operation in other states was introduced by McGowan and adopted.

The Jacobson joint resolution for an investigation of charges in regard to the sale of binding twine and grain inspection was favorably reported by the grain and warehouse committee, and the resolution was adopted without opposition.

NEW BILLS IN THE HOUSE.

McGilvray of Duluth Gets the Position of Doorkeeper.

St. Paul, Jan. 12.—(Special to The Herald.)—When the house was called to order today the speaker announced the balance of his appointments, headed by E. M. Scribner, who will again be clerk of the judiciary committee, and among the number being McGillvray, of Duluth, doorkeeper of the gallery.

The new bills included:
Peterson.—To reduce interest on payments on state lands.
Dyer.—To legalize foreclosures made by advertisement.

Sloan.—Appropriating \$1200 for sketch plans for proposed fourth hospital for insane.

Dunn.—For care of property of insane during incarceration in hospitals.

NOT EMBALMED BEEF

Gen. Egan Says Gen. Miles

Is All Kinds of a

Liar.

Washington, Jan. 12.—Most vigorous and sensational testimony was given before the war investigating commission today by Commander Gen. Egan, who appeared unexpectedly to meet the allegations against the beef issues in the war, vigorously arraigned Maj. Gen. Miles, commanding the army. He read his testimony from a large written statement. He denied numerous statements of Gen. Miles, charged that the latter's testimony constituted severe reflections on the commanding general's expedition and referred to him as "this same commanding general, Nelson A. Miles," and said whoever called the

beef furnished "embalmed beef" was a

"liar." In the course of his testimony he called Gen. Miles, a "liar, who lied in his throat, lied in his heart, lied in every part of his bones," who perpetrated a gross scandal and who should be drummed out of the services and imprisoned, and "and should be avoided by every honest man and barred by every club in the country."

He characterized his interest in news as "with."

W. B. Miles in charge of Armour & Co's Kansas City plant, appeared for the packing houses. His testimony as to the quality of the canned meats and methods of packing and inspection was practically the same as that of the other meat men.

THANKS FOR CLARA BARTON.

She and the Red Cross Receive Congressional Mention.

Washington, Jan. 12.—Mr. Allison of Iowa reported the Indian appropriation bill and gave notice that he would call it up tomorrow.

Mr. Hawley of Connecticut, of the military affairs committee, reported a joint resolution tendering the thanks of congress to Clara Barton and officers and agents of the Red Cross society for their services towards the Armenians and towards both sides in the Hispano-American war. Mr. Hart asked for immediate consideration of the resolution, which was passed.

Under a special order the senate passed sixteen bills on the private pension calendar, and at 1:10 p. m., on motion Mr. Davis, the senate went into executive session.

The house today promptly went into committee of the whole on the diplomatic and consular appropriation bill. It was arranged that there should be two hours and a half on a side for general debate.

FROM THE CAPITAL.

Mr. Towne Will Push Claims of Various Bands of Chippewas.

FROM THE HERALD WASHINGTON BUREAU.

Washington, Jan. 12.—(Special to The Herald.)—It is said that ex-Representative Towne will reach Washington today to remain for some time. He has charge of a number of claims of various bands of Chippewas, and will push them before the departments and congress.

An increase of pension from \$24 to \$30 per month was secured for Mrs. Mary Mitchell, of St. Cloud, Minn.

Contracts for cutting dead and down timber in Minnesota have been approved by the land commissioner as follows: State Timber tract at \$8 per cord, \$50 for white pine; Margaret Galbraith and Nellie Lydick, Willow, Ashish, and John Ketchum, at same figures. The parties must execute bonds and contracts on \$250 for white pine, and \$150 goes into the Indian trust fund. Under the law, contracts must be awarded to Indians, and the fact that the Indians have secured the contracts indicates that Indian women have married white men.

Senators Davis and Nelson are again in trouble over the appointment of federal district judges. The selection of a candidate for a successor to United States Marshal O'Connor is given them any amount of trouble.

The most prominent candidates in the field are Gilmschaw, Ege and Kelley, of Minnesota; and the names of St. Paul and Elmer Adams, of the Pergus Falls Journal. C. A. Nimocks, of Minneapolis, who is the interest of W. H. Gilmschaw, says that Senator Nelson will not commit himself until after he is re-elected, and that Senator Nelson is against any Minneapolis candidate. He refuses to state his choice, and it appears that he is a free-for-all race for the marshmanship, as the members of the lower house cut no ice whatever in a contest of this kind.

The Leech Lake Indian delegation had a hearing before the senate committee on Indian affairs today, at which they made arguments in favor of striking out the appropriations for continuing the estimates of pine on the ceded Chippewa lands. They also presented a claim for damages for overflows from dams on their lands, amounting to about \$100,000. In connection with the contemplated visit of Representative Towne, it is said he will have a bill introduced authorizing the Chippewas to enter suit for the estimated difference in the value of pine as determined by Inspector Wright's estimate of a portion of the timber two years ago.

The Indian appropriation bill, which was reported to the senate today, contains items of \$30,000 for school buildings at Leech Lake, and \$6000 for a heating plant at Pipestone.

Senator McMillan has amended his bill for three quarters on the great lakes to provide for only two vessels, to cost \$165,000 each. He says these are all that are needed, as the new vessels will be short enough to go through the canals, and can patrol the entire system.

IT IS AMAZING.

The World's Output of Gold During the Past Year.

San Francisco, Jan. 12.—President Valantine of the Wells-Fargo Express company has issued an annual statement of the production of precious metals in the states and territories west of the Mississippi river, including British Columbia and the Northwest Territory for the year 1898. The aggregate valuations are as follows: Gold, \$78,461,292; silver, \$30,006,586; copper, \$46,248,126; total, \$154,715,904. Total gross receipts \$175,022,066.

The year's combined product of the metals named is the greatest in the history of the world. The gold production of 1898, \$78,461,292, being above any previous record officially reported, and the world's production of gold for 1898, approximately \$250,000,000, is amazing. The most notable increases have been in South Africa, \$20,000,000; the British possessions of \$10,000,000; and the United States, \$5,000,000.

EXCITING DAY EXPECTED.

Paris, Jan. 12.—An exciting day in the chamber of deputies is expected, and extensive police measures have been taken in lines about the Palais Bourbon, in view of possible disorders.

SABIN'S RAILROAD

Within Two Weeks Trains Will Be Running to Connor's Point.

A LARGE CONTRACT

Fifty Million Feet of Logs to Be Brought to Duluth.

St. Paul, Jan. 11.—(Special to The Herald.)—Ex-Senator D. M. Sabin is a prominent figure in the Merchants hotel lobby, but somewhat less prominent than he was just ten years ago when he was the central figure in one of the most spirited senatorial contests in the history of Minnesota. He was defeated for a re-election by the narrowest possible margin, and since then has devoted little attention to politics.

He is just now engaged in a railroad enterprise in Wisconsin, being the chief promoter of the Bayfield, Washburn & Iron River railroad. This road is designed to play an important part in the lumber business in Duluth and Superior. Senator Sabin, in conversation with The Herald correspondent today, said that it was two weeks ago that he was running trains to the end of Connor's Point. He has a contract for hauling 50,000,000 feet of logs from a territory which has not heretofore been looked upon as tributary to Duluth. They will come from Iron River, over the Northern Pacific road. The logs will be delivered to Peyton, Kimball & Barber and the McFarland lumber company in Superior and to the Knox mill in Duluth.

Senator Sabin said that this was the beginning of what he expected would be a large traffic, and would give to Duluth mills logs from the best and largest tracts of pine still standing in Wisconsin.

HAS PASSED THE CRISIS.

Dr. Deale Thinks Congressman Dingley Will Now Recover.

Washington, Jan. 12.—Representative Dingley, according to his physician, Dr. Deale, has passed the crisis and is considerably improved. Dr. Deale is now confident of his patient's recovery.

THE CHURCH BUILDS.

Congregational Society Is in a Very Prosperous Condition.

New York, Jan. 12.—The forty-sixth annual report of the board of trustees of the Congregational Church Building society was presented at its annual meeting today. It shows that only one year (1897) since the society began its work, has it spent as large an amount as this year, \$184,477. The sum of \$184,477 was expended in the building of houses of worship, \$25,025 to 57 churches in the form of loans, and \$7,414 to 33 churches in the form of grants. Twenty-eight houses of worship have been built or materially improved and 48 parsonages. The church building fund has now reached the sum of \$108,762, besides the amount refunded loans. In the ten years the denomination has made a net gain of 2600 churches.

GOLD COMPANY GOES BUMP.

Chicago, Jan. 12.—Ten stockholders of the Klondike, Yukon and Copper River company, of which Frank Buffington Vrooman is president, have filed a bill in the circuit court asking for a receiver, an injunction restraining the company from disposing of any of its assets, an accounting and the dissolution of the company. A receiver was sought on the ground that the company is insolvent, and in order that a prudent division of such assets as remain shall be made.

THE NATIONAL CAPITAL.

Senator Teller introduced a bill for the amendment of the war revenue act so as to provide for a tax upon the actual net sales of certain stocks. The bill is intended to relieve the cheaper mining stocks from what is claimed to be an onerous burden upon them.

The business committee of territories reached a final agreement to make a favorable report to the house on the agreement to report was unanimous.

The agreement to report was unanimous. The president of the committee reserved the right to make a minority report opposing several features of the bill.

The house completed and passed the bill for the collection of the criminal laws of Alaska.

Gen. Wheeler appeared before the house committee on pensions and made a fervid appeal for special pension bills in ing to the widows and relatives of those who fell at San Juan and other battles of the Spanish war, an amount commensurate with the gallantry of those who lost their lives.

The banking and currency committee of the house unanimously directed the withdrawal of the bill revising the banking and currency laws on the calendar now.

Representative Mitchell of New York gave notice that at that time that he would move that the bill be reported to the house and Mr. Van Voorhis of Ohio gave notice that he would move to substitute the recommendations of the president's message on the subject.

A petition from former Queen Lilianikah of Hawaii was presented to the house and referred to the committee on the United States' assertion of ownership to the crown lands of Hawaii.

At their own request, H. E. Gens, William W. Gordon and W. C. Oates of the volunteer army have been honorably discharged from the military service of the United States on the ground that there is no further need for their services.

The president has decided it to be incompatible with the public interest, to comply with the request contained in the hour resolution to supply the senate with the instructions given the peace commission.

THE SHIPS BEING BUILT.

Accurate Statistics Showing Their Tonnage and Their Value.

Cleveland, Jan. 12.—Reports to the Marine Review from shipbuilders in all parts of the country show an aggregate of 262 vessels, valued at \$62,110,092, building or under contract on Jan. 1, 1899. Merchant vessels number 204 of 254,216 tons, valued at \$19,769,800, and war vessels 58, of 146,490 tons displacement and 372,150 horse-power. The contract price of vessels, exclusive of armament and armor is \$42,349,192. Small, unrigged vessels and pleasure craft are not considered in this summary.

Of the merchant ships 155 valued at \$15,984,800, and of 172,040 tons, are building on the seacoasts, 26 valued at \$2,371,000 and of 71,400 tons are building on the lakes, and 23, of 10,776 tons, valued at \$802,000, are building on Western rivers.

LUMBERMEN MEET.

A Duluth Man Joins Other

Americans in Consultation With Canadians.

Washington, Jan. 12.—Representatives of the American and Canadian lumber interests met in conference here today. Among the American lumbermen were: W. C. McClure, of Duluth; S. F. McKnight, C. A. Smith and B. F. Nelson, of Minneapolis; William Irvine, of Chippewa Falls, Wis.; R. L. McCormick, Hayward, Wis.; Judge J. W. Cochran, of Ashland, Wis.; Walter Heald, of Saginaw, and Alex Stewart, of Warsaw, Wis.

There was also present United States High Joint Commissioner John A. Kasson, Congressman Stewart, Broussard and Tawney, and Mr. Charlton, a member of the Canadian joint high commission.

Mr. Charlton, the first speaker, was followed by Representative Tawney, and he by Mr. Edwards.

Lumbermen have been the rock upon which the United States and Canadian joint commission have split in every effort at agreement upon a reciprocity treaty. The Canadians have been willing to make any reasonable concessions for free white pine, but have hesitated to agree to any concessions without important reciprocal advantages on lumber. Free admission to Canada of American forest products and free export of saw logs and pulp wood are the concessions the Canadians offer. In exchange for the proposed concession the Canadians at this morning's session put in a strong plea for free lumber. The Americans, however, produced data tending to show that the manufacture of lumber in Canada is much cheaper than in the United States, and that their proximity to the New England market, and the important concessions granted them by the Canadian roads, place the Northwestern and Southwestern product of the United States at a very great disadvantage, and consequently their demand is wholly unreasonable. It is probable, however, that the American lumbermen, rather than the proposed treaty between the two countries should completely fail, will consent to a concession of 20 per cent from the present 32 rate.

THOUSANDS KILLED.

Great Battle Between Turkish Troops and Insurgents in Arabia.

Constantinople, Jan. 12.—A great battle has been fought in the Yemen division of Arabia. The Turkish troops captured the insurgent positions at Shand on Nov. 30. About 4000 insurgents and 2000 Turks were killed or wounded.

BANKERS ARRESTED

The McNaughtons of New York Must Explain a Peculiar Transaction.

New York, Jan. 12.—James McNaughton, former president of the Tradesmen's National bank, and Allan McNaughton, president of the wool exchange and one of the directors of the Tradesmen's National bank, were arrested today and arraigned before United States Commissioner Shields, charged with violating the revised statutes by certifying a check drawn on the Tradesmen's National bank to the order of the United States Trust company for \$510,000, when the Trust company, as alleged, had no funds in the bank to its credit. Both pleaded not guilty, and they were held in \$25,000 bonds each for examination next Tuesday.

QUIET AT MANILLA.

War Department Receives a Quiet- ing Dispatch From Gen. Otis.

Washington, Jan. 12.—The secretary of war was much gratified this morning by the receipt of the following cablegram at 7:20:

Manilla, Jan. 12.—Adjutant General, Washington: Conditions apparently improving. Citizens feel more secure. Many natives returning. City quiet and business active.

DECLINE
IN WHEAT

Bullish Feeling Due to Heavy
Clearances Continued at
the Start.

THE CABLES LOWER

Heavy Condition of Foreign
Markets Checked Tendency
Toward Higher Prices.

Duluth Board of Trade, Jan. 12.—The wheat market this morning retained the bullish feeling created by yesterday's heavy clearances at the seaboard, but the foreign market was heavy today and this fact had a depressing effect. New York reported that there would be heavy export buying today and this caused an advance, but it was lost on Liverpool cables showing a continued decline. Prices would probably have dropped lower but for the strength in corn which had a bullish influence on wheat. May closed lower here and lower at Chicago.

Trading in futures was dull on the Duluth board. May wheat opened unchanged at 85c, held within 1/2 cent of that price until 10:30 when it sold up to 86c. It closed at 86c, 1/2 cent higher than yesterday's close. There was a slight decline in the price of wheat being sold at the under May for export, but it was not enough to affect the price of the futures. The price of wheat for export was 85c, 1/2 cent higher than yesterday's close. The price of wheat for export was 85c, 1/2 cent higher than yesterday's close.

ON THE CHICAGO BOARD.

Bullish Feeling at the Outset But
Weak Liverpool Cables.

Chicago, Jan. 12.—The bullish feeling inaugurated yesterday by heavy clearances at the seaboard still clung to traders in wheat today at the outset. Active buying was hampered somewhat for a time, however, by disappointing heavy foreign markets. May opened a shade lower at 85c and sold up to 86c, 1/2 cent higher than yesterday's close. The price of wheat for export was 85c, 1/2 cent higher than yesterday's close.

NEW YORK STOCKS.

The Tendency Was Upward With But
Few Exceptions.

New York, Jan. 12.—Local operators looked on the unfavorable course of the London prices and opened the market with a slight gain in all the leading shares. Transactions in individual stocks were on a large scale, but the market generally was less active than of late. Northern Pacific was in excellent demand and moved up 1/4. Investment purchases were not particularly noticeable, but to yesterday's trading were renewed this morning in practically the same shares. Northern, preferred, and Pennsylvania carried three points, while Burlington, St. Paul and Illinois Central advanced about a point. Heavy purchases of New Jersey Central lifted the price to 100 and brought firmness to the other contributors. The upward tendency of prices, however, was by no means general, although selective support was extended to practically the entire railroad group. Manhattan, People's Gas, American Steel, Federal Steel and P. C. & St. L. were among the few that were not advanced. The market was generally quiet, with a few exceptions.

THE WORK OF CONGRESS.

Washington, Jan. 12.—The senate promptly passed a resolution authorizing the admission of Louis Iglesias, son of President Iglesias of Costa Rica, to the military academy at West Point, and a bill authorizing the Arkansas & Choctaw Railway company to construct and operate a railroad line through the Choctaw and Chickasaw nation in the Indian territory.

Mr. Allen, of Nebraska, introduced the following resolution:

"That a committee of five senators, no more than two of whom shall be members of the same political party, be appointed to make full inquiry into the conduct of the late war between the United States and Spain. Said committee shall have plenary authority to inquire and report on the advisability of the selection of places of encampment for the troops by the military authorities of the United States, the time, character and places of delivery, and into all things in any manner affecting the conduct, discipline and health of the troops in the field and in camp, and into all other matters and things in any manner affecting or bearing on the

health, regularity and discipline of the army, and whether there is just cause to complain of the places of encampment, food, medical stores and quarters furnished to the troops.

Objection was made to immediate consideration of the resolution, and it went over.

A bill granting to the city of Saginaw, Mich., the privilege of beautifying and using as a public park that part of the postoffice property as may be deemed unnecessary for postoffice purposes, was passed.

Mr. McLaurin, of South Carolina, then addressed the senate.

IN THE HOUSE.

Under the special order made on Monday last the house went into committee of the whole (Mr. Hopkins of Illinois in the chair) and proceeded to consider the naval personnel bill.

EGAN WILL AMEND.
Is Prepared to Accept the War Commission's Suggestions.

Washington, Jan. 12.—It was learned from friends of Gen. Egan today that he is prepared to accept the suggestion conveyed in the letter of the war inquiry commission, and will amend his statement so as to exclude the matter complained of.

FOR CASS COUNTY

Senator McCarthy Introduces a Bill to Reimburse It For Expenses.

NEW OIL INSPECTOR

J. J. Heinrich of Minneapolis Gets the Plum—Johnson State Librarian.

St. Paul, Jan. 12.—(Special to The Herald.)—In the senate this morning Senator McCarthy introduced a resolution for the appointment of a committee of three to make investigation into the sugar beet industry, both as to product of roots and of sugar. It went over until notice of debate.

Senator McCarthy introduced a joint resolution providing for the appointment of a committee of seven, three from the senate and four from the house, to investigate the question of taxation in this and other states and report to the legislature as early as possible a bill providing for a revision of the general tax laws, leading toward a more equitable distribution of the burdens of taxation and a lowering of the tax rate. In the preamble reference is made to Governor Lind's recommendation on these lines. It was referred to the committee on taxes and tax laws.

Among the bills introduced was one by Senator McCarthy appropriating \$1500 to reimburse Cass county for extraordinary expenses during the Bear Island Indian troubles.

McGill offered a bill appropriating of \$24,500 to defray expenses of the Minnesota exhibit at the Omaha exposition. The bill providing for an appropriation for the Children's Aid society was reported for passage.

Reports on several clerkships were brought in and caused some discussion, the whole matter being sent back to the legislative expenses committee for further consideration.

The Stockwell reformation fee resolution was amended to include reports from all fee offices and adopted.

The following appointments were sent in by the governor and confirmed in open session: J. J. Heinrich, Minneapolis, oil inspector; F. W. Johnson, New Ulm, state librarian; George H. Goodrich, Anoka, state board of pharmacy.

The senate adjourned till Tuesday morning.

CALLED IT LOP-SIDED.

House Spends Twenty Minutes Discussing a Minneapolis Paper.

St. Paul, Jan. 12.—(Special to The Herald.)—The house spent the first twenty minutes of today's session in a semi-joking discussion of a resolution refusing the privileges of the floor to the representatives of a Minneapolis paper, because a writer in that paper had called the legislature lop-sided, classing the house as one of the worst in years. The resolution was finally indefinitely postponed.

Among the new bills were the following:

Maillet—Repealing special law fixing salary of probate judge in Minnesota. Passed under suspension of rules.

Wheaton—Requiring foreign corporations to pay fees on capital stock. Passed—For free distribution of sugar beet seed in the hands of the state treasurer.

Wheaton—To protect all persons in the state in their civil rights. Passed—To regulate the practice of osteopathy.

After passing the senate bill fixing terms of court in St. Louis, Scott and Le Sueur counties, the house adjourned till Tuesday morning.

BUNNELL GETS A PLACE.

The Finance Committee Elects Him to a Clerkship.

St. Paul, Jan. 12.—(Special to The Herald.)—The finance committee met during the noon recess today and decided to elect Miles Bunnell, of Duluth, as clerk, urging Lieutenant Governor Smith to confirm the appointment.

LONDON ISOLATED.

A Strong Gale Blowing and Several Lives Have Been Lost.

London, Jan. 12.—This city has been practically isolated all day long. No news messages have been received from the continent since early this morning and communication with all this province is seriously interrupted. There have been many wrecks of minor importance and several lives have been lost around the coast. The gale generally has subsided, but another is approaching the Cornish coast.

MUNICIPAL PAWN SHOPS.

Such a Measure to Go Before the Illinois Legislature.

Chicago, Jan. 12.—Nearly all the prominent business men of this city have been invited to attend a banquet to be given tomorrow night by the Merchants' club for the purpose of considering in detail the question of establishing municipal pawnshops in the city. A bill has been prepared under the direction of the club and will be introduced in the legislature next week. By the passage of such a measure it is said that the city will be freed of the pest of pawnshops which infest the city and make loans at exorbitant rates of interest upon furniture and other personal property which is forced out of business. The object of the measure is to establish a municipal pawnshop where wage earners may borrow money at the rate of 1 per cent a month on such security as is put up for collateral in the ordinary 10 per cent pawnshops.

GEN. WOOD TESTIFIES.

He Found the Canned Beef a Very Good Article.

Washington, Jan. 12.—Brig. Gen. Leonard Wood was the star witness before the war investigating commission today. His testimony byre on general conditions in the island and he opened with the general statement that never in the history of any country had there been so successful a campaign against disease and loss of life. He praised the quality of the much-talked-of beef furnished the army and said that except for some cans that were omitted, and consequently promptly thrown away, the beef was of a good quality and he himself had used the meat both in the war and his own family.

THEY WERE NOT HESSIANS.

American Volunteers Refused to Fight the Filipino Insurgents.

Hong Kong, Jan. 12.—The Filipinos here say that ten American volunteers jumped overboard from the transports bound from Manila to Iloilo, swam ashore and said they had not volunteered to fight Filipinos. The report is not confirmed.

HILL AS MANAGER.

Story Concerning a Possible Consolidation of the N. P. and B. & O.

New York, Jan. 12.—The Times says: "The announcement of the settlement of recent disagreements between the Great Northern and the Northern Pacific railroads passed to be one of the most interesting statements Wall street lately had to consider and grow enthusiastic over. In Northern Pacific common stock there is reason to believe that a pool has been formed, including in its members the strongest financials of Wall street, among other friends of J. Pierpont Morgan, Governor Flower and John D. Rockefeller. This pool, credited with a capacity beyond any such recent combination, is believed to have as a basis for its organization knowledge of plans which will practically make the Northern Pacific and the Baltimore & Ohio one property. Some reports, probably distorted, have it even that the Northern Pacific property was actually absorbed by the Baltimore & Ohio. Under any circumstances, it is declared, there will be direct management and personal supervision of policy by James J. Hill."

CHARGES AGAINST RECEIVERS.

Petition for Removal of the Baltimore & Ohio Receivers.

Columbus, Ohio, Jan. 12.—A motion has been filed in the United States circuit court here asking for the removal of Receivers John K. Cowen and Oscar C. Murray of the Baltimore & Ohio Railroad company. The motion was filed by attorneys for John Robinson, Knox county, on the following grounds:

"That Cowen and Murray were not residents of the state at the time of their appointment as receivers, and that they are not performing their duties as receivers according to law, but, on the contrary, are guilty of malfeasance in settling with certain creditors of the Baltimore & Ohio, who are not entitled to any preference over Robinson, and that they are not managing and controlling and disposing of the property of the company in the interests of all the creditors, but are preferring some above others. Robinson holds a claim against the road, which has been confirmed by the supreme court."

THE WIRE COMBINE.

Files Articles of Incorporation and the Capital Is \$90,000,000.

Trenton, N. J., Jan. 12.—Articles of incorporation of the American Steel and Wire company, with an authorized capital of \$90,000,000, were filed with the secretary of state today. The capital stock is made up of \$40,000,000 preferred and \$50,000,000 common stock, the preferred stock to bear 7 per cent non-cumulative dividends.

Articles of incorporation were also filed for the Pressed Steel company, with an authorized capital of \$25,000,000.

TOWNE IN THE LEAD.

Fusionists Take Another Senatorial Ballot But Reach No Decision.

St. Paul, Jan. 12.—(Special to The Herald.)—The fusion caucus, which balloted and talked without result for over two hours yesterday, did likewise at this morning's meeting. The Democrats who favor Whitman managed to have a motion carried to take informal ballots, so that nothing final has yet been reached, although even those who oppose him admit that it looks as if Towne will be the nominee when the caucus is reconvened early Tuesday morning. The first ballot in the legislature is set for that day, so that any caucus action must be decided before that time. In the informal ballots Towne has regularly been in the lead, and it is believed that one formal ballot will be sufficient to fix on him as the choice of his party for the honor.

GET DOWN TO BUSINESS.

Pittsburg, Jan. 12.—After four days of wrangling the convention of United Mine Workers of America got down to work today and the election of officers is now in progress. Previous to balloting John P. Farley, of Pottsville, Pa., who had been nominated for every office except president, announced that he was not a candidate for any office.

Thomas L. Lewis, of Ohio, who was named for the presidency, also announced that he had withdrawn.

Refuses to Get Out.

Jack Butler, sentenced to imprisonment in the county jail three months ago for selling liquor to Indians, refused to accept a discharge, though his time is up, and the officers are wondering what to do with him. Yesterday Deputy Marshal Monahan took a paper up for Butler to sign, requesting his release. Butler having served the thirty days in addition to his sentence, required of most prisoners who are unable to pay a fine. Butler's sentence was accompanied by a fine. Somewhat to everyone's surprise Butler refused to sign the application, stating that he is pretty well satisfied where he is. He is still there and apparently holds the key to the situation.

Senator McLaurin Delivers an Address in Opposition to Imperialism.

THE RACE QUESTION

Those Who Desire Colonial Policy Also Advocate Domination By Whites.

Washington, Jan. 13.—In accordance with the program previously given, Mr. McLaurin (Dem.), of South Carolina, addressed the senate in support of the Vest resolution, declaring the policy of expansion to be unconstitutional. Following is an abstract of his address:

"The magnificent and serious questions growing out of the war with Spain are now absorbing the attention of the American people," began Mr. McLaurin. "I am satisfied that our action in the next month will settle the question of expansion. There are at this time in the senate and nation at large two well-defined and distinct views, one a policy of expansion, involving a new definition of our government and the inauguration of a colonial system with all the perplexing problems incident to it. The other view opposes a policy of imperialism and is based upon the governmental policy of the last century and, in my judgment, is the only position that is in harmony with the constitution and the spirit and genius of republican institutions."

Mr. McLaurin felt that as a representative of South Carolina, he was peculiarly qualified to speak on the incorporation of a mongrel and semi-barbarous population into the body politic. "The experience of the South for the past thirty years with the negro race," he said, "is a present lesson for the nation. It is passing strange that senators who favored universal suffrage should now advocate imperialism. There is a glaring inconsistency in these positions. If they are sincere in their views as to the Philippines, they should propose an amendment to the constitution which will give the negro races in this country and the inhabitants of the Philippines upon an equality as to their civil and political rights. This forever settles the vexed race and suffrage questions in this country as well as in the overseas possessions."

"How can they consistently, justly and, I might add, constitutionally advocate a policy of imperialism, embracing races so nearly akin to the negro, which differs so radically from the policy advocated as to the Philippines? There can be but one answer to that question, and it is that they substantially admit that the history of a century's experience, that universal suffrage is a monumental failure, and that the time has come for the correction of this stupendous governmental error."

"Universal suffrage in the South long since degenerated into a race question," he continued, "and as such led to the practical elimination of the negro from politics—a policy that is today wisely advocated by the great leaders of the race. The history of the negro in the South, Washington, and which in time, without outside interference, under the guidance of the best thought of both races, will lead to a just and mutually satisfactory settlement of the arduous problems that have ever confronted man in modern times. It is, indeed, comforting to hear some of those who in the past criticized us now that the question is brought home, completely justify our methods in providing a scheme of colonial government."

"The senator from Connecticut has most aptly vindicated the South, perhaps unintentionally, but we thank him the more heartily for his complete announcement of the divine right of the Caucasian to govern the negro race."

Mr. McLaurin then entered upon a constitutional discussion of the question presented by the thought of the nation, that all of the rights of the powers of the federal government, in the enumerated specifically in the constitution, and such as were not thus specifically defined did not exist.

"The nation, as a nation," he continued, "has no sovereign rights except those conferred upon it by the constitution. He further contended that if the sovereignty of the nation is vested in the constitution, as admitted by the senator from Connecticut, it could be exercised only in the manner pointed out by the constitution. He insisted that the essential difference between the sovereignty exercised by the United States and that exercised by Great Britain, for instance, as there is a wide difference between the forms of government of the two nations."

"I deny, therefore," said he, "that the United States, as a nation, has a sovereign right inherent in the constitution of the grant of such power in the constitution. This is not an essential element of national sovereignty, and is concerned, although it may be in England or Russia, where the nationality and sovereignty are identical, that created and limited by a written constitution."

"I do not, however, controvert the proposition that the United States has the power to acquire territory by conquest, purchase or otherwise and to govern the same under the grant of power contained in the constitution. I, however, deny the proposition that territory can be acquired and permanently held as such by the United States, of course subject to the execution of small tracts acquired for specific governmental purposes, like coaling stations and the guano islands, under the act of 1856. I think Hawaii comes under the exception of a military and commercial necessity."

After further discussing the constitutional points of the question, Mr. McLaurin said it was idle to speak of Americanizing a tropical country 8000 miles away. "Our people would never consent that the people of that far-off land should have a voice in the affairs of this country," he said. "I believe the time is not far off when our flag will float over every foot of North American soil, but it must come naturally and peacefully by the consent of the governed, not by the rule of force."

"Government by force was despoticism; it must be prepared to maintain a great and enormously expensive army and navy. It meant a never-ending strife with the nations of the world. The commerce of the Philippines was insignificant, and he therefore doubted the advantage of the United States to derive from a financial view point."

"To become a colonial power," he said, "we must abandon our republican institutions or be paralyzed by them. The creation of cities, the expenditure of money by city holders

SCHEME IS REVIVING

Belief That Plans for Water Power Improvement Are Again Under Way.

ENGINEERS AT WORK

Have Been Going Up and Down the River For Months.

Men who are interested in measures looking toward the upbuilding of Duluth are watching with interest developments that are said to be going on in the St. Louis river water power. It is said that the prospects for the development of this important property have never been better than they are at present. Those who should know are keeping very quiet about it, if they know anything definite, but they have of late been dropping quiet hints that promise a good deal, and from a number of sources it is gathered that a deal is now pending that is quite likely to start things moving shortly.

The St. Louis river water power has never been permitted to rest for any great length of time. Almost every year there are stories of more or less credibility about the workings of the men who would develop the power. The great obstacle to progress has always been the price of Jay Cooke, who has always been believed in the possibility of the property and has held his price at a corresponding altitude, though he has not been willing to develop it himself. His price of \$1,000,000 has stood in the way of several deals, and some have begun to think that there is nothing to do but wait to see if a better price cannot be obtained from the promoter and engineers went back East again.

During the past few weeks the rumor of something doing on the water power has sprung up again, and it seems to have foundation in the fact that the St. Louis river water power. Whether he has a deal on or whether it is a mere rumor, but it never pains out as one knows, but it seems to be a feeling of confidence in the project, and it is quite likely that a deal is now pending that is quite likely to start things moving shortly.

Price Cutting.....

The radical and numerous price reductions in this advertisement will even surprise our old customers who know we are always first in lowering prices. As our business grows our per cent of expense decreases. This year we will push harder than ever to get to the front. Our combination of stores make us big buyers. Manufacturers seek us when they want ready money. We buy cheap. Read our advertisements in The Evening Herald and you'll see that we give more for the same money than any other store in the city.

ANOTHER REASON

Elevators May Have Had
Another Design In Recent
Cut In Rates.

DISCOURAGE OTHERS

May Have Been Done To Fore-
stall Building of New
Elevators Here.

Two days ago the elevators at the
head of the lakes announced a reduction
in the rates for handling and storing
grain. It was stated then by the
elevator companies that this was owing
to the increased business, the profits be-
ing such that a reduction in charges
could be made. The opinion was ex-
pressed that this would attract more
grain to Duluth.

All this may be true, but there may
be other reasons also. The Herald has
heard some grain men assign another
reason, and there may be more than a
mere guess in this. Everyone knows
that there have been a number of el-
evator projects at the head of the lakes
talked of lately. A number of interests
have been considering the erection of
elevators, either at Duluth or Superior.
One or two of these projects have taken
rather definite shape, and at least one
has been in a fair way to come to a
head. Some of the handlers of certain
classes of grain have sought to get bet-
ter rates from the elevators and, hav-
ing failed, have quietly and what little grain belonging to others
houses. This, it is in-
timated, has led to the cut rates. The
idea being to forestall the building of
any more elevators except by the com-
panies already established here. When
rates are coming down it is less likely
to see new interests entering the field.
In the opinion of grain men there is
quite a little in this theory.

Minneapolis elevators are not likely
to make any move to meet the reduc-
tion in rates made by the Duluth ware-
houses, to take effect June 1. The Min-
neapolis Tribune interviewed a number
of the Minneapolis elevator men on the
subject when the announcement of the
Duluth cut was made, and in all cases
the reply was the same, that no reduc-
tion in rates would be made. The reason
given was that in a large measure the
Minneapolis warehouses handle their
own grain, while the Duluth
houses handle grain for others.

Naturally the condition that will exist
after the reduction of the Duluth rates
will tend to intensify this condition,
preparing to build their own
elevators. It is not hard to see why Min-
neapolis elevators are quite likely to drift
to the cheaper market, at the head of
the lakes.

HAS FOUND THE LOBBY.
News Tribune's Correspondent Comes
Around To The Herald's Statement.

Tuesday The Herald published an in-
terview with a class of men who for-
fettered tax law, in which the statement
was made that there is a lobby of in-
terested property owners in St. Paul
behind the proposed new tax law. The
Herald to come down and point it
out. The morning paper has apparently
discovered the lobby, for in its St. Paul
correspondence this morning the follow-

teen bright little members. The meet-
ings will be held every Saturday morn-
ing at 10 o'clock in the Twentieth Cen-
tury club rooms. New members should,
however, go to the rooms a little earlier
than the regular time, as Mrs. Stocker
before the rehearsal begins. Besides
the choral work there are exercises for
the first step will be reached when the
children may detect the changes in
the accompaniment. Later on the
children will be able to follow the
themes of sonata, symphony and fugue.
For the exercises in the ear training
little pianists of the class will play
their small compositions and several
singers have kindly consented to pre-
sent some of the beautiful songs writ-
ten for children. Last Saturday there
were piano solos by Master Gerard Ton-
dine and Randolph Eckstein. All chil-
dren wishing to join the class should en-
ter as soon as possible so as to learn
the principles of deep-breathing,
rhythm, etc.

FIRE IN FREIGHT OFFICE.
Great Northern Railroad Has a Lively
Blaze—Records Lost.

A fire last night in the Great North-
ern railway's merchandise shed, on the
lower side of Michigan street, between
Fourth and Seventh streets, has com-
pletely destroyed the office records and freight
bills and office furniture, and badly
scorched about twenty-five feet of the
building. It was stated by an official of
the road that little if any freight was
stored in that part. The damage is
estimated at about \$1200.

It is thought that the fire started
from a stove in the freight checker's
office, which is in the southeast corner
of the building and separated from the
freight room by a thin board partition.
The fire broke out about 9 o'clock. It
looked for a time as if the building was
doomed.

St. Luke's Mission.

Bishop Morrison will hold service and
preach at St. Luke's church, Nineteen
avenue west and First street,
Sunday, at 11 a. m. The Ladies' guild
of this mission has lately been reor-
ganized with Mrs. Doney as president,
Mrs. Richardson vice president, Mrs.
Evers secretary and treasurer. A
contract has been let to repair and
decorate the church and much enthu-
siasm is evinced over the aspect of
church matters. Mr. Lloyd has for
some time acted as lay reader at the
mission and has also kept up the Sun-
day school since the resignation of the
Rev. Mr. Pritchard. It is expected
that in the early summer the bishop
will appoint a clergyman to the charge
of St. Luke's mission.

An unexpected feature developed in the
second part of the program, at the con-
clusion of Miss Donovan's solo at "The
Missionary's Song." A number of friends
of Miss Donovan's friends presented her
with a roll of bills. She said in part:
"I have been requested by a few
of my friends to act as spokesman
in presenting you this evening with a
slight testimonial of the appreciation
in which they and the people of Duluth
in general hold you. In fact, I have seen
selected by them to throw bouquets at you
in honor of the ordinary bouquet of
flowers and the more tender
feelings, your friends have collected a
bouquet of American hearts, on each
of which is stamped the face and mono-
gram of Uncle Sam, each having current
as the coin of the realm and as good as
gold, and while the bouquet of the more
tender flowers might here be more ex-
pressive of the tender and gallant feel-
ings, this we are confident will be just
as acceptable to you."

WILL GO TO PARIS.

David Ericson to Continue His Art Study There.

David Ericson, the artist, who has been at home in Duluth for a couple of years, will leave next Tuesday for Paris, where he will continue his studies in the line of art. Mr. Ericson is a talented young man and very ambitious. During his stay here he has done much to elevate and cultivate the taste for art in Duluth and has taken a delight in encouraging in every way in his power the searchers after a higher knowledge of art. He has also painted a number of works for Duluth people, among them several portraits. One just completed is a life-size portrait of E. F. Leland and it is a very fine piece of work. During his stay in Paris Mr. Ericson will spend a great deal of time in the famous art galleries of foreign countries. He will be gone about two years.

C. W. Ericson will accompany his

brother, David Ericson, as far as Chicago.

He Entered a Kick.

George Seigel, who lives on Duluth Heights, complained at police headquarters last night that Detectives Donovan and Troyer had been in his barn after chickens. They had, he said, climbed into the hay loft through a hole and torn up a couple of boards from the floor of the loft to get down to the first floor. The officers, it may be as well to explain, were searching for chickens that had been stolen from the Grant farm near the poor house, several nights ago. Mr. Seigel did not care so much for the damage done the barn as the dignity and standing of his family by the imputation cast on them by the official visit.

Detective Troyer told him that so long as he obeyed the Scriptural injunction to avoid the appearance of evil the forked tongue of slander could not wound him.

VERDICT FOR THE COMPANY.

Emma Waterman Loses Her Damage Case—Other Matters.

There were two juries out all night in district court last night, occupying jury rooms side by side, and this morning both of them brought forth verdicts, one for the defense and the other for the plaintiff. Both juries were out on personal injury cases.

In the case of Emma Waterman against Luther Mentenhand as receiver for the Duluth Street Railway company, in which the plaintiff sought to recover \$4000 damages for injuries alleged to have been received because a car started up while she was leaving it and threw her to the ground, the jury returned a verdict for the defendant.

In the case of John Pakiz against Anton and John Kochevar the jury returned a verdict of \$700 for the plaintiff. The latter was thrown out of an Elv saloon by the proprietors, the defendants, and he sued for \$675 for injuries

alleged to have been received because of it.

This morning Judge Muir and a jury took up the case of James Maye against the Scott & Holston Lumber company, to recover \$2000 on an alleged breach of contract. The plaintiff had a contract to haul 800,000 feet of logs from Burlington Bay to Duluth, and he alleges that the defendants arbitrarily deprived him of it. He sues for the amount of profits he believes he would have made out of it. The case was still on trial at noon.

CLUB WILL BE A GO.

Strong Sentiment in Favor of Curling Rink Scheme.

At 4:30 o'clock this afternoon the meeting of Duluth Curling club members was held to consider the plan of building a new club house. The idea has been taken up with great enthusiasm and when the curlers become enthusiastic they can do most anything. The board of trade contingent is especially

in earnest in the matter and is determined to see it put through. The proposition is to issue long time bonds at a low rate of interest and a large part of the issue that will be necessary has already been subscribed. Not a single objection to the plan has been heard and it will undoubtedly be arranged for this afternoon.

FOR STEALING A WATCH.

Police Arrest Otto Fisher and Charge Him With Theft.

Otto Fisher was arrested by Detective Troyer last evening for the theft of a gold filled watch from John Maloy's boarding house, No. 613 West Superior street. A charge of grand larceny in the second degree was entered against Fisher, and his hearing was this morning set by Judge Edison for Jan. 14 at 2 p. m. Bail was fixed at \$250, and the accused went to jail in default.

The police say that Fisher has been operating extensively as a sneak thief. It is claimed that at the time it is

charged that he took the watch he also purloined two overcoats, a chain and a razor. He is wanted in Superior, it is said, to answer a charge of stealing something from one of Capt. Barker's tugs, on which he was a cook.

Union Men's Insurance Company.

By a typographical error, the financial condition of the Union Men's Mutual Insurance company was misstated in an article in The Herald yesterday. According to the statement of the secretary the company has written 4000 policies since it began business on June 1, 1896; has written 2206 during the past year; has received \$20,531.26, and disbursed \$19,444.04, and on Jan. 1, 1899, had on hand \$1715.60 in cash besides other assets. The directors elected for the ensuing two years are E. R. Cobb, J. F. McDonald, F. H. Lounsbury and W. W. Johnson.
